

Spring 2017

Greetings;

As the Hickory Fountain Green Baseball program enters the 2017 season, we continue to provide what we feel is the best youth baseball experience in the area. We do our best to keep baseball affordable to all families so to help cover other costs we incur, our relationship with local business partners is very important. We truly hope that 2017 will be a positive year for each of you and we are once again asking for your help to keep our baseball program successful and affordable. Your sponsorship dollars help over 500 local kids create memories and develop skills that will last them a lifetime. HFG Baseball has earned a reputation of fielding successful teams at all levels of play and has a well earned reputation of always placing the kids first. Once they leave HFG Baseball, our players contribute successfully to our successful local high school programs including C. Milton Wright, Fallston, Harford Tech, Bel Air, and John Carroll among others.

Keeping in mind that the last few years have brought along tough financial times for many businesses and families we continue to have sponsorship programs to fit into any budget. We will of course accept any level of donation but those that contribute \$150 or more will receive a plaque acknowledging their contribution. For those businesses that contribute \$500 or more, we will get you a plaque and place a sign at our baseball complex at Hickory Park. And all levels of contributors will, if you choose, be acknowledged as part of our Opening Day festivities, on our HFG Baseball Facebook page, and on our website: [www.hfg-baseball.com](http://www.hfg-baseball.com).

Click on this link to access our [2017 HFG Baseball Sponsorship Form](#). Instructions for becoming a Hickory Baseball Sponsor are included on the form. We are proud that we have so many repeat sponsors of our program and look forward to adding you and your company to that list. On behalf of all the coaches, parents and most of all the players of Hickory Fountain Green Baseball....Thank you!
